Notes: *Video playback not supported

**MP3 files (and only MP3 files) can be played from playlists present on the iPod. Playback pitch can be adjusted, key-lock, loop, sample, and scratch functions can all be used in this mode.

Using the iCDX with 5G iPod Video and 3G iPod nano

Due to hardware and software changes made by Apple in the fall of 2006, only 5th generation iPod Video and 3rd generation iPod nano units produced prior to those changes are compatible with iCDX.
